

*The original bathing and skin cleansing breakthrough*

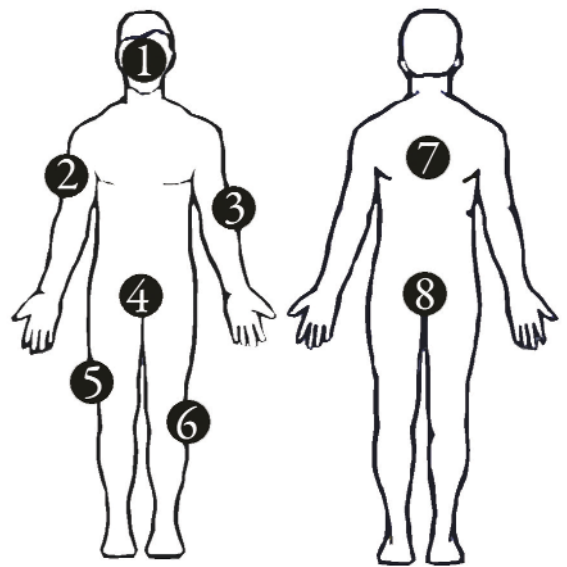

# BagBath®

## *Instructions for Use: BagBath*

- Each BagBath package contains 8 washing cloths that can be heated or cooled before each use.
  - To prevent cross-contamination, use one cloth for each of the areas shown in the diagram:
- |                |              |
|----------------|--------------|
| 1. Face, Chest | 5. Right Leg |
| 2. Right Arm   | 6. Left Leg  |
| 3. Left Arm    | 7. Back      |
| 4. Perineum    | 8. Buttocks  |
- Do not rinse or dry the patient as the cleaning solution will evaporate quickly, leaving behind an emollient.

*BagBath may maintain or improve skin quality and possibly prevent further complications of alterations in skin integrity with proper use.*

## *Instructions for Use: HairCare*

- Lay a towel under the patient's head before applying the product.
- Wet the hair with an ample amount of BagBath HairCare. No water is necessary.
- Massage the solution thoroughly into the hair.
- Once hair is clean, simply dry the hair with a towel.
